

INVITATION TO REGISTER

ON THE COMMUNITY WORK PROGRAMME SUPPLIER DATABASE

Themba lethu Development (TD) hereby invites all interested prospective suppliers and service providers to submit their applications for registration on the Themba lethu Development Supplier Database for the supply of goods and services to the Community Work Programme (CWP). TD will source quotations from the Supplier Database.

The Community Work Programme (CWP) is a community-driven government programme, based in the National Department of Cooperative Governance and Traditional Affairs (CoGTA), the primary purpose of which is to create access to a minimum level of regular and predictable work for the unemployed and/or under-employed. It also aims to contribute to the development of community assets and services, to strengthen community development approaches, and the economic 'agency' of people in marginalised economic areas, enhancing dignity and promoting social and economic inclusion.

Themba lethu Development is contracted by CoGTA as an Implementing Agent for the Limpopo Province. As a requirement for the procurement of goods and services for the CWP, TD promotes B-BBEE initiative and would urge all SMME's to apply and register on the Supplier Database. We would like to ensure that the overall programme contributes to the growth of the local economy in terms of both job creation and procurement of goods and services. Goods and services to be procured include personal protective equipment, tools and materials, training and technical support. The procurement of goods and services will be guided by commonly accepted and good-practice principles of fairness, equal opportunity, transparency, accountability, competitiveness, cost-effectiveness and preference of local suppliers/service providers (more especially historically disadvantaged individuals), community based organisations and functional co-operatives.

Registration forms together with a list of commodities can be downloaded from the Themba lethu Development website at <http://www.themba lethudev.org/procurement> or from the Themba lethu Development Offices below. Registration forms can be forwarded to procurement@themba lethudev.org or can be returned to the offices below:
