4 PERSONNEL AND FINANCIAL IMPLICATIONS

- 4.1 Where a credit control and debt collection function does not exist, this implies that a dedicated structure be established with a credit control officer in charge. In view of the fact that credit control and debt collection must always be able to operate in isolation to any customer management service, it is imperative that a staff establishment for this function be implemented.
- 4.2 The establishment of a credit control and debt collection division will have to be financed from the operating budget, which will have an incremental impact on the budget. However, this will be offset by improved cash inflow as a result of an efficient collection system.

5 FRAUD, TAMPERING AND OTHER CRIMINAL ACTIVITY

- 5.1 The Municipality may not interfere where criminal activity is evident. The legal penalties and criminal justice system may not be subject to

conflicting resolutions by the municipality. All such cases must be prosecuted to the fullest extent of the law.

- 5.2** The Municipality may not supply water or electricity to a customer who is found guilty of/or if it is admitted that fraud, theft or any other criminal action involving the use of these services existed, until the total costs, penalties, other fees and tariffs and rates due to the municipality have been paid in full.
- 5.3** All charges to rectify any tampering with municipal services, service charges, call fees and other related tampering charges must be paid in full before arrangements can be made for other debts on the account.

6 AGENTS, ATTORNEYS AND OTHER COLLECTION AGENTS

- 6.1** All external agents acting on behalf of the Municipality are to be named, together with their details and contact information. Likewise, all agents are to be supplied with a copy of the credit control and debt collection Policy and measures.
- 6.2** Clear instructions to agents and other arrangements must be explained for the customers' benefit. Under no circumstances may agents negotiate terms, extend payment periods or accept cash on behalf of municipality, unless specifically instructed in writing to do so. The agent must produce this instruction on request by consumers.
- 6.3** The costs to the Municipality and to the debtor must be detailed for each stage of the credit control and debt collection measures and for all possible actions. The liability for the costs of legal action and other credit control actions must be for the account of the debtor.

7 CREDIT CONTROL POLICY TO BE APPLIED FOR INDIGENT HOUSEHOLDS

(See also Indigent Support Policy)

7.1 Purpose of Policy

- 7.1.1** The key purpose of an indigent support policy is to ensure that indigent households are not denied a reasonable service, and on the other hand, the municipality is not financially burdened with non-payment of services: Provided that sufficient budgetary provision exists, the indigent support policy should remain intact.
- 7.1.2** To achieve this purpose it is important to set a fair threshold level, and then to provide a fair subsidy of tariffs. The consumer, in order to qualify for indigency, needs to complete the prescribed documentation as required.

7.2 Aims of the Policy

7.2.1 The credit control and debt collection policy aims to achieve the following:

- 7.2.1.3 To enable the municipality to determine and identify defaulters in order to ensure appropriate credit control procedures;
- 7.2.1.4 To establish an indigency directory of all persons who qualify therefore

7.3 Obligation to Pay

The subsidy received may not be enough to cover the full account of the subsidised consumer. In such an event, the consumer is still responsible for the balance between the full account and the subsidy received. Where applicable, credit control must still be applied for these outstanding amounts.
