

**VOTE OF THANKS SPEAKING NOTES OF THE MAYOR OF ELIAS  
MOTSOLEDI LOCAL MUNICIPALITY CLLR JULIA MATHEBE ON  
THE OCASSION OF MINISTERIAL SERVICE DELIVERY IMBIZO  
HELD ON 13 OCTOBER 2017 AT NTWANE VILLAGE**

Programme Director and the beautiful audience, allow me to extend my humble gratitude to you all. My role this afternoon is to thank all the role players that made this Imbizo a resounding success. Firstly, I will begin my thanking Minister Jeff Radabe who is also representing the number one office in the land in his capacity as Minister in the Presidency for Planning, Monitoring and Evaluation, and in his studious role as the Chairperson of National Planning Commission.

Most significantly I wish to thank Minister Radabe for considering Ntwane village in Elias Motsoaledi as the base from which he would rally stakeholders across the board to highlight issues of Frontline Service delivery Monitoring.

The same gratuity goes to the Premier of Limpopo Province Honourable Stanley Chupu Mathabatha, the Executive Mayor of Sekhukhune District Municipality as well as MECs, fellow councillors and all community stakeholders here. We are delighted that Elias Motsoaledi is the birthplace of so many men and women of distinction who are serving the country in many capacities. One of them is Mr Sfiso Mtshweni, the Chairperson of National Youth Development Agency (NYDA) which is well represented in

this occasion. I wish to thank most sincerely the Bantwane Traditional Council for being such great hosts to the minister from his initial fact finding visit at St Joseph High School, Philadelphia Hospital and Dennilton Police Station.

No amount of acknowledgment and appreciation will be adequate to express our deepest regard for all your efforts to ensure improvement in the quality of service delivery as well as advancing planning, accountability, responsibility and reporting through monitoring.

Most important we thank the community for being so supportive.

To you all we say Pula!!!

Ke a leboga!
