Revenue

For the fourth quarter of April to June 2025, the year to date actual revenue amounted to R763, 624 million with the year to date budget of R904, 244 which shows negative 41% year to date variance when compared to the year to date budget. Of the total revenue received during the fourth quarter, the major portion of R377, 690 million is from equitable share. Other receipts are from property rates, service charges and other grants.

Operating Expenditure

The operating expenditure for the fourth quarter amounts to R601, 472 million with the year to date budget of R729, 698 million which shows negative 18% year to date variance when compared to the year to date budget.

Capital Expenditure

The year to date actual capital expenditure as at end of fourth quarter amounts to R122, 338 million and the year to date budget amounts to R173, 549 million and this deviates with negative 30% when compared to year to date target.

Surplus/Deficit

Taking the above into consideration the net operating surplus for the fourth quarter ending 30 June 2025 amounts to R162, 153 million.

Debtors

Outstanding debtors' is comprised of consumer and sundry debtors. The total outstanding debtors as at end of June amounts to R249, 122 million and this shows an increase of R32, 472 million as compared to R216, 650 million as at end of 2023/24 financial year. This increase portrays declining revenue collection of the municipality as the lesser the collection rate the more the increase in consumer debtors.

Consumer debtors is made up of service charges and property rates that amount to R153, 513 million and other debtors amounting to R95, 609 million. Debtors such those relating to traffic fines are reported as other debtors as presented under current assets on Table C6 and as a result, the do not form part of consumer debtors.

Creditors

The municipality is currently striving for paying its creditors within 30 days of receipt of invoice as required by MFMA. However, the municipality has instances where the cash flow position was quite unfavorable and it was then unable to service certain creditors as and when became due. This resulted in the municipality incurring penalties and/or fruitless and wasteful expenditure due to late payment.

Table C2 and C3 measures the quarterly actual against the year to date performance targets which is realized by vote and standard classification. The variances are all reflected in the year to date variance column.

The financial results portrayed in the two tables are the same as those in other tables (i.e. it is only the description or basis of reporting that is based on financial or budget performance by vote or department, and National Treasury's standard classification.

Table C5 Capex and C5C present capital expenditure performance for all votes, standard classification and the funding thereof and measures the year-to-date performance targets against the actual capital expenditure figures. R122,338 million spending was incurred on capital budget, year to date budget is R173, 549 million, and this gave rise to an under performance variance of R51, 211 million that translates to 30%.

The above graph shows the components of sources of finance for capital budget. Of the total capital budget of R173, 549 million, R91, 314 is funded from Municipal Infrastructure grant, R17, 544 million from INEP, R4,000 million from Energy Efficiency and Demand Side Management grant, R360 thousands from LGSETA grant, R27,650 million from Municipal Disaster Recovery grant, R20, 000 million from Water Services Infrastructure grant in agreement with Sekhukhune District and R12, 681 million from own revenue and the spending per source of finance is presented in the above graph.
