### MAYOR ON SCHOOL FUNCTIONALITY MONITORING PROGRAMME OVERSIGHT

As the schools open their doors for a new academic year, Elias Motsoaledi Mayor Cllr David Tladi, Speaker of Council, Cllr Dieketseng Mashego, the Chief whip of Council, Cllr Justice Makunyane, Cllrs, and representatives of various government departments were hard at work to ensure the new school year starts without any glitches and to observe the state of readiness.

The purpose of the programme is to ensure that teaching and learning happens on the first day of the opening. The programme helps to gain first-hand information on the challenges faced by the schools.

The focus is on effective teaching and learning process, availability of key resources and staffing among other things. Teacher-Learner support material, parent involvement in school matters and infrastructure is also on the agenda.

In his address to the learners, Mayor Tladi reminded learners, that the best tool to manage life is education and again encouraged Parents and the community to take part in the life of the school.

Some of the schools visited include Matshiphe and Hosia Aphane Combined Schools, where the Mayor and Delegations received a comprehensive report on the status of schools from both Principals.

The Municipality wishes all learners and teachers across the Municipality well as they start the 2024 academic year.
