Conclusion	59

1. EXECUTIVE SUMMARY

The development, implementation and monitoring of a Service Delivery and Budget Implementation Plan (SDBIP) is required by the Municipal Finance Management Act (MFMA). In terms of Circular 13 of National Treasury, "the SDBIP gives effect to the Integrated Development Plan (IDP) and budget of the municipality and will be possible if the IDP and budget are fully aligned with each other, as required by the MFMA." The 2024/2025 SDBIP is aligned to the IDP and 'budget. Furthermore, the performance agreements for all senior managers will be aligned to targets as contained in the approved SDBIP.

As the budget gives effect to the strategic priorities of the municipality it is important to supplement the budget and the IDP with a management and implementation plan. The SDBIP serves as the commitment by the Municipality, which includes the administration, council and community, whereby the intended objectives and projected achievements are expressed in order to ensure that desired outcomes over the long term are achieved and these are implemented by the administration over the next twelve months.

The SDBIP provides the basis for measuring performance in service delivery against quarterly targets and implementing the budget based on monthly projections. Circular 13 further suggests that "the SDBIP provides the vital link between the mayor, council (executive) and the administration, and facilitates the process for holding management accountable for its performance. The SDBIP is a management, implementation and monitoring tool that will assist the mayor, council, municipal manager, senior managers and community."

The reporting cycle will take place as follows:

First quarter: July — September;
Second quarter: ---October — December
Third quarter : January — March
Fourth quarter : April — June

Senior managers shall be responsible for implementation and achievement quarterly and annual targets for their respective departments. Performance management division shall be responsible for consolidation of quarterly and annual reports. Internal audit division shall be responsible for auditing performance reports and portfolio of evidence submitted.

2. VISION, MISSION AND VALUES

The **Vision** of Elias Motsoaledi Local Municipality is:

“Thé agro-economical and ecotourism heartland”

Motto

The sunshine valley

Mission

- To ensure provision of sustainable services
- To deepen democracy through public participation and communication
- Provision of services in a transparent, fair and accountable manner
- Provide public value for money
- To create a conducive environment for job creation and economic growth

Values

Value	Description
People first	Everybody is empowered within the whole community
Transparency	Invite and encourage public sharing and democratic participation in council's activities.
Commitment	Focus and concentrate on council's core activities in a consistent manner.
Integrity	Conduct council's business in a fair, responsible, flexible, equitable and honest manner.
Accountability	Report regularly to all stakeholders regarding council's actual performance.
Environmental Conscious	Taking care of the sensitive environment to ensure that the vision is achieved.
Empowerment	To be seen to be empowering our people, knowledge is power.
Service excellence	In all aspects of conducting ourselves and our mandate, we will focus on service excellence.
Change	In order to move to a better quality life, something different needs to be done from what is being done now. In this regard change will be the main driver of doing things differently

3. LEGISLATION

Municipal Finance Management Act (MFMA) defines Service Delivery and Budget Implementation Plan (SDBIP) as a detailed plan approved by the Mayor of the municipality to implement the municipality's annual service delivery programme and which must indicate:

- (a) Projections of each month of-
 - (i) Revenue to be collected by source and
 - (ii) Operational and capital expenditure by vote
- (b) Service delivery targets and performance indicators for each quarter.

Section 53 of the MFMA stipulates that the Mayor should approve the SDBIP within 28 days after the approval of the budget. The Mayor must also ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators as set out in the SDBIP are made public within 14 days after the approval.

The following National Treasury prescriptions, in terms of MFM circular 13, are applicable to Elias Motsoaledi Local Municipality.

1. Monthly projections of revenue to be collected by source
2. Monthly projections to expenditure (operation and capital) and revenue for each vote
3. Quarterly projections of service delivery targets and performance indicators for each vote
4. Ward information for expenditure and service delivery
5. Detailed capital work plan broken by ward over three years.

4. PROJECTED MONTHLY REVENUE AND EXPENDITURE

One of the most important and basic priorities for any municipality is to collect all its revenue as budgeted for – the failure to collect all such revenue will undermine the ability of the municipality to deliver on services. The municipality MUST ensure that it has instituted measures to achieve monthly revenue targets for each revenue source. The revenue projections relate to actual cash expected to be collected and should reconcile to the cash flow statement approved with the budget documentation. The reason for specifying actual revenue collected rather than accrued (billed) revenue is to ensure that expenditure does not exceed actual income.

The expenditure projections relate to cash paid and should reconcile to the cash flow (reconciliation between revenue and expenditure per month) It is necessary to manage and monitor cash flow on a monthly basis to ensure that expenditure do not exceed income, which if not properly managed might lead to the municipality running into financial difficulties.

This section of the document is based upon the Budget MBRR B1 Schedules that serve as supporting documentation for the budget, in particular Schedules SB 12 - SB 17 and will deal with the following:

Monthly Revenue Projections:	Monthly Expenditure Projections:	Cash Flow Projections:
a. Revenue by source; b. Revenue by vote; c. Revenue in terms of standard classifications.	a. Expenditure by type; b. Overall expenditure: i. By vote ii. In terms of standard classifications c. Capital expenditure: i. By vote ii. In terms of standard classifications	a. Cash receipts by source b. Cash payments by type

The SDBIP information on revenue and expenditure will be monitored and reported monthly in terms of section 71 of the MFMA

CONCLUSION

The SDBIP is a vital monitoring tool for the mayor and council to monitor in-year performance of the municipality. The SDBIP gives meaning to the budget and the IDP and will inform both in-year reporting in terms of section 71 of MFMA (monthly reporting), section 72 of MFMA (mid-year report) and section 46 of MSA (end-of-year annual reports). This enables the Mayor and Municipal Manager to be pro-active and take remedial steps in the event of poor performance.

The SDBIP provides the top layer of information for the performance agreements of the municipal manager and senior managers, including the outputs and deadlines for which they will be held responsible. The SDBIP aims to ensure that managers are problem-solvers, who routinely look out for unanticipated problems and resolve them as soon as possible. The SDBIP also enables the council to monitor the performance of the municipality against quarterly targets on service delivery.
